FOR IMMEDIATE NEWS RELEASE

KENYON MIDGET SERIES ROUNDS OUT MONTPELIER OHIO WHEEL SPRINGTACULAR

Developmental Series to Join BOSS Sprints, UMP Modifieds and Midwest Thunder Midgets April 23

MONTPELIER, IN (March 4) – Joining Montpelier Motor Speedway’s inaugural Open Wheel Springtacular event Saturday April 23 will be the Kenyon Midget Series for their only 2022 appearance at the northeastern Indiana clay oval.

Brad Hayes recently purchased the Kenyon Midget Series and has set some lofty goals for the group with an ambitious schedule. He had this to say, “for our 2022 schedule, we have a more balanced mix between dirt and pavement. With Montpelier on our schedule, we not only add another dirt race, but also get to be part of a great new event with the Open Wheel Springtacular. Our teams and drivers are excited for the chance to race at the fast Montpelier bullring and look forward to putting on a good show for those fans.”

Established in 2009 and named for the most legendary Midget driver of all time – Mel Kenyon - the Kenyon Midget Series was designed as a platform for the development of the next generation of racing stars. Costs are controlled by using the proven Kenyon Car chassis with reliable Yamaha powerplants. The rules are focused on safety, cost and creating a level playing field while still allowing freedom in chassis setup.

Completing the bill will be the Buckeye Outlaw Sprint Series (BOSS), UMP Modifieds and USAC Speed D2 Midwest Thunder Midgets.
